Project 2: Link List

Javascript - Read More/Read Less:

https://codepen.io/amangalvedhekar/pen/EjJEZw

This was used on the blog page to allow for expansion and reduction of text.

Flexbox Form:

https://webdesign.tutsplus.com/tutorials/building-responsive-forms-with-flexbox--cms-26767

This was used to create the form on the contact page.

Lightbox:

http://lokeshdhakar.com/projects/lightbox2/

This was used to implement Lightbox on about biofeedback page to allow for viewing of more pictures.

Flexbox Styling:

https://css-tricks.com/?s=flexbox&orderby=relevance&post_type=post%2Cpage%2Cguide

This was used as a general resource for questions about flexbox styling.
